

Marketplace Awakening

Young Adult Life School 2018

Introduction

Being a Young Adult in this day and age can be daunting. For the Christian Young Adult, the challenge feels heavier. How can we navigate career, finances, relationships and ministry effectively? Join us for this series of lunch-time seminars in the heart of the marketplace as we journey together. This will be a unique experience as we want to build an equipped community in the marketplace to bring positive influence. Therefore we request that students take this as a complete series, as such pre-registration and commitment to attend all sessions is a must.

Session 1: What drives your career?

What motivates you at work? What do you really want out of your working life? In this session we will use a self-discovery tool to help you align your faith and innate career desires.

Session 2: Managing Money

Many young adults struggle in managing money well. All of a sudden we have significant disposable income and plenty of choices. How do we steward our financial blessings well so that we can both honour God and enjoy the fruits of our labour?

Session 3: Finding my life partner

Perhaps the most commonly asked question for the Young Adult - does God have an Eve for my Adam or an Isaac to my Rebekah? Learn biblical principles that will guide you well in this most important area.

Session 4: Climbing the 7 mountains

God is raising Daniels and Josephs in this time to serve Him in the marketplace. How can we understand how our careers align to the Kingdom's advancement?

Session 5: Ministered and Empowered

For the final session of the series, we will spend time in worship and soaking in the presence of the Lord. Our invited speaker will minister in the prophetic to empower us to run forward!
